

CUT LITTLE FINGER OFF

J. L. Baker, a carpenter in the city, happened to the misfortune to cut his little finger off his left hand a few days ago while running a point jointer.

BOY SCOUTS

The Lions Club has adopted Troop Three of the Liberal Boy Scouts; other organizations are adopting some of the other troops. Some arrangements should be made to assist worthy boys to secure uniforms. We want all boys of Scout age to join one of these fine troops.

A number of merit badges have been received from the National headquarters at New York. All Scouts are urged to work for these badges. We want every Scout in Liberal and vicinity to make the Baughman trip. Hiking days will soon be here; patrols and whole troops should be out every week on short hikes, and as it gets warmer, over-night hikes should be taken.

A second-class Scout from Dunlap, Iowa, by the name of William Nash, is here, on a hike from Dunlap, Iowa, to El Paso, Texas, and return. He is now on the return trip. If he makes the trip in ninety days he is to receive four years of schooling free. He left Dunlap with a dollar and ten cents in his pockets, and is not allowed to accept donations of any kind, but must work his way. He seems to be a big husky lad, and we hope that he makes the trip in the required time.

The Court of Honor will meet on the evening of March 27th.

OBITUARY

George Edward Matkin was born in Sleaford, Lincolnshire, England, March 3, 1849. He was the youngest of all the children of the family of Joseph and Jamima Matkin. With his parents he came to America in 1851. After a short stay in New York, they came to Illinois. At the age of twenty-three he married Derinda Allen, to which union one son, Elmore, was born, the mother passing to the better land soon after the child's birth. Some three years later he was united in marriage to Katie Cobb, to which union the sons, Harry H., Ray C., Roy F., and Fred O. were born and survive him. One other son, Clarence, died at the age of twelve.

For thirty years the deceased had lived on the old home place twelve miles north of Bucklin in the Pleasant Valley community. In 1915 Mr. and Mrs. Matkin retired from the farm and came to Liberal to make their home. In June, 1919, the dear wife and mother entered into the life eternal, since which time Mr. Matkin has lived among his children, until the messenger called him last Thursday morning at 4:30.

During his last days of earth life, all his children were with him, and every attention that could be was given him, but his span of life was completed at the age of 73 years and five days.

Speaking of Progress

Human energy is a necessary factor in the building of a community. No town ever grew to the proportions of a city without the efforts of a bunch of energetic citizens who had enough faith in its future to inspire a like faith in others.

This nucleus attracted people who came and joined in the expenditure of human energy and a city was builded.

Just as necessary to a community as human energy is electrical energy. The flash of signs, the hum of motors, the bright light so necessary to business are dependent upon the electrical energy generated at the power house of the electric light company.

Without this electrical energy human energy would be well-nigh useless, insofar as community building is concerned.

Liberal has a live bunch of men contributing their human energy to the upbuilding of the city—the Liberal Light, Ice & Power Co., is spending thousands of dollars creating more electrical energy to match their efforts.

These two factors are helping in the growth of the town. The local light company is doing its part in building for the future.

The management is in sympathy with every forward movement, and desires the co-operation of the best interests of the city.

We are striving to merit the confidence and friendship of the people of Liberal and shall ever endeavor to merit it.

Tyrone Items

Mr. McBride, who lives on the west side of Tyrone, is reported very ill with pneumonia.

The heavy snow storm last week gave every one a chance to remain at home until Saturday. All traffic was suspended, huge drifts nearly covered some buildings, but at this writing the snow is going fast. This was the heaviest snow since 1912.

Mr. and Mrs. J. E. Hearne visited with the John W. family about 20 miles south of Tyrone last week. Mrs. Wood is a daughter of Mr. Hearne, and she has been very ill. Fred Sneakman's sale last week, of the pedigreed stock of Hampshire hogs, was a decided success. It netted more than \$1400.00.

The front porch of the Masonic hall collapsed last Thursday on account of the heavy snow and hard wind. The large front window of the Dennis hardware store was broken by the falling porch.

Ansell Albright is the new manager of the Equity Exchange. Mr. Albright is well known in our community and has a host of friends who are glad to see him assume this position, and hope that he makes good.

Tyrone-Route 2

Our mail service is again tied up on account of the late big snow, and school is closed again.

The sick are most all improving, although quite a number of the children have the chicken pox.

Charlie Newman and family spent Sunday afternoon at Dave Ireland's. O. P. Bookless lost a good cow in the snow storm.

Mrs. J. L. Harrison is still confined to her bed, having been ill for some time.

W. L. Bookless and family spent Sunday at the Geo. Bookless home. Not much news this week as there is so much snow and rain.

Mrs. W. H. Vickers returned Tuesday from Hutchinson, where she has been on a short pleasure and shopping trip.

Mr. and Mrs. S. A. Reno of Sattah, were attending to business interests in the city Friday and Saturday, and visiting with relatives.

Mrs. S. A. Fields, who has been in a local hospital since the first storm when she was unfortunate in breaking her ankle, is well improved and was able to return home this week.
